Chairwoman, President, and CEO

“Be Business Smart”

“I believe we are all very good at learning or thinking about whatever it is we must do or need to do!”

If we are engaged in the practice of becoming wealthy through commerce (making, buying, selling goods or providing services in exchange for money), it is imperative as to how we learn or think about achieving the goals of being a business owner.

One of the best way to learn business is to be involve in a business network. Networks share information, which in some cases the information is not documented, however, lessons learned by others through experiences should and can be shared on how to do it better.

We refer to it as “being business smart” and want to assist you to Be Business Smart.

Our Mission is to acquire and disseminate valuable business information, resources, and tools necessary for member firms to achieve Entrepreneurial Parity and Economic Prosperity world-wide.

Each year we publish a Plan of Work to assist business owners seeking valuable business information, direction and assistance in business planning, development and growth.

The 2017 Plan of Work planned for GLOBAL READINESS. The world can use what you have; you just need to know what is needed and who needs it. We will assist member firms in gaining a foothold advantage in the International Marketplace.

We serve 9 counties in the Southern District of Texas, and support Member Firms throughout the U.S. Our Regional Development Plan is a major part of our 2017 Plan of Work Activity.

Our 2017-2020 Board of Directors; Advisory Board; and Appointed International Ambassadors will take the “Oath of Office” at the International Conference and is ready to assist you in your business endeavors.

Our First Awards Gala recognize those individuals who have developed businesses, are growing businesses, and have assisted others in achieving.

Our Regional Team is looking forward to meeting and greeting you throughout the year!

Join Us to “Be Business Smart”!
