

Tri-County **Regional** Black Chamber of Commerce

PLAN OF WORK 2017

Business Building through Increasing Mentor-Protégé Participation

Our Plan of Work determines the activities required to develop and grow profitable, successful businesses; whereby Members are achieving economic independence and prosperity.

We are aggressively moving to achieve higher levels of growth and competitiveness in the business community. Business creates wealth that opportunities and prosperity will emerge. Tri-County Black Chamber of Commerce Plan of Work is based on three objectives for achieving our mission, vision, and goal. The Chamber develops strategies and measures its performance and progress in these objectives annually.

Business Development

- New Member Orientation & Growth Planning Assessments
- Workshops: Certifications & Navigating the Bidding Process / Training
- Member Services / Special Initiative Projects
- Technical Assistance

Business Advocacy

- Public and Private Diversity / Affirmative Action Program Monitoring
- Legislative Information & Updates / Town Hall Activity
- Chamber Level Representation
- Council Corps
- Annual Events

Economic Development

- Consortium Initiatives
- International Trade & Commerce
- Identifying Funding/Financing Sources
- Round Table Forums
- Access to Procurement Opportunities

Every September Tri-County Regional Black Chamber of Commerce encourages every member to engage in Council and Committee planning for programs and activities to be carried out through the Chamber's Plan of Work for the ensuing year.

We believe every business has a stake in these objectives and can best be safeguarded by working with others; leveraging our resources; forming joint-ventures; alliances and partnerships, which in turn ensures the success of every business.
